

Rocco Rossini Memorial Scholarship

Scholarship Mission Statement:

On New Year's Day, 2016, Rocco Rossini passed away from injuries sustained from an ATV four wheeling accident. He was only 9 years old, but within those 9 years he made an incredible impact on anybody that met him. Rocco was an adventurous little boy who loved the outdoors and all the activities it offered. He loved to fish, four-wheel, snow ski, water tubing and practice skeet shoot. Rocco was also very talented in athletics and had a competitive nature who did not back down from a challenge. His favorite sports were baseball and flag football. Throughout the sports field and playground at school he displayed a natural ability to be a leader. He brought kids together and supported them with encouragement. He also stood up for the ones that couldn't and was always eager to help his peers. He systematically organized recess activities- showing his incredible character of compassion and the ability to unify large groups. Schooling was a task because of his endless amounts of energy, but he loved a challenge and used his negotiating skills to lead him to his academic success. The scholarship candidate should exemplify the character traits of Rocco Rossini.
