The ASVAB can help you take steps now towards finding a career that is right for you. The ASVAB assesses a student's ability to learn new skills and to predict success in a wide variety of military and civilian occupations. The ASVAB Career Exploration Program includes an interest inventory and other activities and resources designed to help students learn more about themselves, and to explore the world of work so you can gain confidence in making the right career decision. Everyone can benefit from the ASVAB CEP whether you are undecided as to which career is best for you, if you plan to go to a 2 or 4 year college, technical school, or enter the workforce after graduation.
