## 2021-2022 School Profile

### Special Programs

**Center for Advanced Research and Technology (CART):** Provides a 75,000 square foot state-of-the-art research and technology facility where students design and complete projects in collaboration with partners from the local, national, and international business community. This year, CART enrolled 1,269 11th/12th grade students from 14 high schools throughout Clovis and Fresno Unified School Districts. Clovis West students account for 8%(106 students) of CART's total enrollment. Students apply and are selected through a lottery process. Selected students attend half-day classes in one of the 12 laboratories taught by teams of instructors.

**Career Technical Education (CTE):** Prepares students for further education at colleges and universities, employment, or advanced technical training. Students also develop positive work attitudes and behaviors. Clovis West offers the following CTE courses: *Education Pathway, Systems Diagnostics, Service and Repair, Performing Arts, and Financial Services/Business Management.* For more information, please visit [Clovis Unified Career Technical Education](#).

**Community College Classes & Dual Enrollment:** In collaboration with State Center Community College District (SCCCD), Clovis West offers several opportunities for students to earn college credit. See the [Clovis West](#) website for more information.

**Advancement Via Individual Determination (AVID):** Targets students in the academic middle (B, C, and even D students) who have the desire to go to college and the willingness to work hard. These students can complete rigorous curriculum but maybe falling short of their potential. Often, they will be the first in their families to attend college, and many are from socio-economically disadvantaged families.

**Plans after graduation** (Graduating Class of 2021) 55.3% were eligible to immediately go to a four-year college. Of those eligible, 39% enrolled in a four year college. 53% enrolled at a two-year community college and 8% have other plans that include military, career technical schools, and employment.

**GPA & Class Rank:** GPA and class rank are all based on all graded courses. A 4.0 scale is used for all classes with the exception of CSU and UC Approved Honors classes and AP courses, where the scale is as follows: A=5, B=4, C=3, D=1, F=0

**The following college list indicates institutions attended by Clovis West High School graduates over the last four years:**

- |   |   |
|---|---|
| Arizona State University                                | Santa Clara University                      |
| Azusa Pacific University                                | Stanford University                         |
| Bethel College  | Syracuse University                         |
